- [Chef's knife](#)
- [Cutting board](#)
- [Blender](#) or [food processor](#)
- [Microplane](#) or box grater
- [Lemon squeezer](#)
- [2 medium bowls](#)
- Medium saucepan
- [Large skillet](#)

Ingredients:

- 1 shallot, thinly sliced, divided
- 1 teaspoon cumin
- Kosher salt and black pepper
- 3 packed cups baby arugula OR leafy green herbs (I love using cilantro and basil for this!), divided
- 1 lemon, preferably organic
- 3/4 cup extra-virgin olive oil, divided
- 1 1/2 pounds large peeled and deveined shrimp
- 2 mini seedless cucumbers (or 1 English cucumber), cut into 1/2-inch pieces
- 2 peaches, sliced 1/2-inch thick (try to find some that are ripe but firm!)
- 1/2 pint cherry tomatoes, halved
- 4 ounces feta cheese, thinly sliced or crumbled
- 1 1/2 cups couscous (one 10-ounce box)

We're going to start by making our herby marinade and sauce! Peel and thinly slice **1 shallot** (crosswise — so into rounds). Reserve half of the slices for later, and add the other half to a blender along with **1 teaspoon cumin, a pinch of kosher salt, a few grinds of black pepper, and 2 packed cups of arugula (or leafy green herbs).**

Use a microplane or box grater to **zest 1 lemon** and set the zest aside for later.

Add the **juice from half that lemon** to the blender then press pulse a few times until everything is coarsely chopped (AKA chopped but still chunky). Now you're going to turn the blender on low speed and, through the pour spout, slowly pour in **1/2 cup extra-virgin olive oil**. Once all of the oil is added and it's well combined, turn the blender off and taste it. Does it taste dull? If so, add another big pinch of kosher salt and pepper and blend again for a few seconds. Repeat until it tastes punchy and delicious!

Add **1/4 cup of the herb sauce** (just eyeball it!) to a medium bowl along with **1 1/2 pounds large peeled and deveined shrimp** and stir to combine. Set the shrimp aside to marinate at room temp while you make the salad and couscous.

Time for some chopping/slicing. Cut **2 mini seedless cucumbers** (or 1 English cucumber) in half lengthwise, then cut each half in half again, so you end up with 4 long quarters. Line them up side by side and slice them into 1/2-inch pieces. Add the chopped cucumber to a medium bowl. Cut **2 peaches** into 1/2-inch slices, halve **1/2 pint of cherry tomatoes**, and add them to the bowl along with the **reserved shallot slices**. Add the **juice from the other half of the lemon, 4 ounces of sliced feta, and 2 tablespoons extra-virgin olive oil** and stir to combine. Season to taste with salt and pepper and set aside.

In a medium saucepan, bring **1 1/2 cups water, 2 tablespoons extra-virgin olive oil, and a pinch of salt** to a boil over high heat. As soon as the water is boiling (it won't take long!), remove the pot from heat, stir in **1 1/2 cups couscous (one 10-ounce box)**, cover the pot (use a sheet pan if you don't have a lid), and set it aside to steam while you cook the shrimp.

Heat a large skillet over medium-high heat. Add the shrimp and cook for 2 to 3 minutes per side or until pink, opaque, and curled into a U-shape, not a C-shape. Taste one. Do they need more salt? Salt 'em, if so!

Fluff the couscous with a fork and toss with the **reserved lemon zest** and **remaining 1 cup of arugula (or herbs)**. Season to taste with salt and pepper.

Serve the couscous topped with salad and shrimp. Drizzle it all with herb sauce and dig in!!
